Town of Bernalillo

LOCAL INFRASTRUCTURE CAPITAL IMPROVEMENT PLAN

NOTICE OF PUBLIC HEARING

Town Council Chambers,
Bernalillo Town Hall
829 Camino del Pueblo
6:00pm September 16, 2008

The Town of Bernalillo invites all interested citizens to a Public Hearing to be held at 6:00pm at Town Hall on Tuesday, September 16, 2008. The purpose of the public hearing is to allow interested parties input into the prioritization of infrastructure projects of the Town of Bernalillo for the next five years. The Infrastructure Capital Improvement Plan will be presented at a regular Town Council meeting for approval on Monday, September 22, 2008.

The Infrastructure Capital Improvement Plan is designed to assist local governments in focusing on long range and short range infrastructure planning. A primary benefit of the plan is that it helps a community establish priorities. Given that infrastructure demands generally outweigh infrastructure financing, priorities are critical in ensuring that the needs of the community are met efficiently.

The ICIP is a five-year plan. It includes the policy direction of the local government, the schedule of infrastructure development and/or replacement, the estimated cost, the justification and the details of each project.

Local citizens are encouraged to attend. Spanish speaking individuals can be accommodated. If you are a citizen in need of an accommodation due to a disability, please contact Maria Rinaldi at 867-3311.
