

45 which results in loss of life and property, health and safety hazards, disruption of commerce and
46 governmental services, and extraordinary public expenditures for flood protection and relief, all
47 of which adversely affect the public health, safety and general welfare.

48

49 (2) These flood losses are created by the cumulative effect of obstructions in floodplains
50 which cause an increase in flood heights and velocities, and by the occupancy of flood hazard
51 areas by uses vulnerable to floods and hazardous to other lands because they are inadequately
52 elevated, flood proofed or otherwise protected from flood damage.

53

54 **SECTION C. STATEMENT OF PURPOSE**

55

56 It is the purpose of this ordinance to promote the public health, safety and general welfare and to
57 minimize public and private losses due to flood conditions in specific areas by provisions
58 designed to:

59

60 (1) Protect human life and health;

61

62 (2) Minimize expenditure of public money for costly flood control projects;

63

64 (3) Minimize the need for rescue and relief efforts associated with flooding and generally
65 undertaken at the expense of the general public;

66

67 (4) Minimize prolonged business interruptions;

68

69 (5) Minimize damage to public facilities and utilities such as water and gas mains, electric,
70 telephone and sewer lines, streets and bridges located in floodplains;

71

72 (6) Help maintain a stable tax base by providing for the sound use and development of
73 flood-prone areas in such a manner as to minimize future flood blight areas; and

74

75 (7) Insure that potential buyers are notified that property is in a flood area.

76

77 Mayor Chávez stated that this affects all property owners within the Map provided by FEMA.
78 Because it affects the rates for Flood Insurance for a mortgage on their home with a financial
79 institution.

80

81 Councilor Sisneros asked if FEMA is going to redo the flood plan, or is this actual Map that
82 FEMA has developed of the Floodplain for the Town of Bernalillo. Is there an administrator for
83 Flood Management?

84

85 Stephen Jerge Town Manager stated that Kelly Moe will be the official Administrator for Flood
86 Management. Kelly will need to go to school to be certified for the position.

87

88 Mayor Chávez stated that this ordinance came to us with some urgency.

89

90 George Perez, Town Attorney, stated that past administrations have had similar ordinances. The
91 Federal Government dictates to the State rules that reduce the risk in case of flooding. We do
92 not have the authority to determine what is or what is not a floodplain. FEMA does that. All we
93 do is adopt this Ordinance with guideline. Flood Insurance is required if you are within the
94 Floodplain.

95

96 Councilor Jaramillo stated that she could see the premiums of homeowners in the Town of
97 Bernalillo costing more.

98

99 Mayor Chávez asked how will this interface with ESCAFCA should that be voted on in
100 November.

101

102 Stephen Jerge stated hopefully all goes well with the election. The approval process and flood
103 management would fall under there management.

104

105 Mayor Chávez stated this ordinance established an appeals board.

106

107 George Perez stated that under certain criteria, the Town of Bernalillo Governing Body would be
108 the appeals board and could grant a variance on a property.

109

110 Mayor Chávez asked if it is appropriate to adopt this without comparing it to the other Ordinance
111 on hand.

112

113 George Perez stated that this Ordinance given to us by the Federal Government will allow us to
114 be in compliance with their requirements.

115

116 George Perez stated the Maps are available for us to view by going on line. If we do not adopt
117 the Ordinance we will not be in compliance with the Federal Government.

118

119 Mayor Chávez asked if we set up the Ordinance, can we set up a 30 day or 45 day window to get
120 the training needed, or do we need to get a moratorium on building.

121

122 George Perez state no to all. There is a liability if we do not adopt this Ordinance.

123

124 Mayor Chávez asked if there were any members of the audience for or against Ordinance # 247.

125

126 Will Ouellette, Coronando Soil and Water Conservation stated that if the Piedra Lisa Dam does
127 break it would bring down two feet of water or more into the Town of Bernalillo.

128

129 Mayor Chávez asked for a motion to adopt Ordinance # 247
130 Councilor Sisneros moved to approve Ordinance # 247 Flood Damage Prevention. Councilor
131 Torres seconded the motion.
