The Town of Bernalillo has a full schedule of Christmas events including the Christmas Tree Lighting Ceremony at Town Hall on December 3rd at dusk and the 26th Annual Christmas Parade on Saturday December 4th, starting at 6:00 pm which is followed by a bonfire at Rotary Park. *Please join us at all of these holiday events.*

Many years ago, the Town of Bernalillo established the Children's Christmas Fund to benefit less fortunate children in our community. This year we hope to serve over five hundred families with toys to be delivered by Santa Claus on Saturday, December 18th. If you wish to donate, you may do so at Town Hall. If you know of any children in need, you can sign them up to receive a toy and a visit from Santa at Town Hall, during normal business hours.

Coronado State Monument presents Christmas at Kuaua on Sunday, December 5th from 5 to 8 pm.

The grounds of Coronado State Monument will be decorated with luminarias and Christmas lights. The event will also feature music and a visit from Santa.

WATER UPDATE

The Town of Bernalillo has submitted a final investigations report to the New Mexico Environment Department Drinking Water Bureau for permanent improvements to the arsenic treatment facilities at municipal wells #3 & #4. The report recommends the replacement of the existing electro-flocculation system with a permanent ferric chloride feed system that has been successfully tested since April, 2010, rehabilitation of the water storage tanks at municipal wells #1 & #2, and renovation of the existing SCADA System (**SCADA** stands for *supervisory control and data acquisition*). It generally refers to industrial control systems: computer systems that monitor and control infrastructure). Also recommended is a flushing of the entire water distribution system and tanks for the removal of residual aluminum from the electro-flocculation system that was discontinued in April, 2010. A copy of the full report, including cost estimates, is available on the Town Website. www.townofbernalillo.org.
