Subj: Recovered Jewelry

While assisting other law enforcement officers that were executing a search warrant in Bernalillo on Friday January 16, 2015, the Bernalillo Police Department recovered a significant amount of men and women's jewelry in the residence as well as reported stolen items. Some of the property has been identified but the department is asking for assistance from Bernalillo area residents.

It is believed that much of the jewelry came from burglaries and thefts in the Bernalillo area. If jewelry was taken from you in a theft or burglary and you have photographs or it has unique identifying marks, please contact the Bernalillo Police Department at 505-771-5872.
