

Exhibit 2-G
Floodplain and Wetlands Early Public Review Notice with
Required Elements

Date: **01/31/2018**

Town of Bernalillo, New Mexico is considering a CDBG project under the NM Small Cities Program for non-entitlement cities and counties. The project is located in the 100-year floodplain.

Town of Bernalillo is interested in discussing alternatives to this project, securing public perceptions of possible adverse impacts that could result from the project, and discussing possible measures to minimize any adverse impacts.

Project Description (consistent with Exhibit '1-A' of Grant Agreement):

The Town proposes to construct water system improvements to the Mountain View Subdivision. Water system improvements will include replacement of individual service connections and installation of 26 additional fire hydrants. Replacement of 210 service connections will include, but not be limited to, new service lines, saddles, meter pits, copper setters and other appurtenances. Installation of fire hydrants will include water line, valves, fittings, and other appurtenances. Removal and replacement of existing asphalt will also be required for replacement and installation of services and fire hydrants.

A public hearing is scheduled to discuss the proposed project:

Date: **02/22/2018** Time: **6:00pm**
Address: **829 Camino del Pueblo, Bernalillo, NM 87004**

Please attend or send written comments to:

Name: **Andy Edmondson**

Address: **829 Camino del Pueblo, Bernalillo, NM 87004**

Comments will be received until:

: **02/26/2018**

A more detailed description of the project and FEMA flood maps are available for citizen

a review at: **829 Camino del Pueblo, Bernalillo, NM 87004**
