Are you interested in knowing where your great-grandparents were born; where they lived; their birth dates, or when they were married? Well, lucky for you the **Library now has the Ancestry Library Edition database**, so you can look up all that wonderful information.

The database is only accessible from the library computers, not from home, or your phone. So, come by and sit a spell and see if you can be the first in your family to find the unknown information about your family.

Toddler Time will start up, again, on March 20th and run through April 24th. Come join the story and craft fun.

The State Library will be loaning us one of the iExplora! STEM trunks. Become a Garden Detective as you explore the different hands-on projects that will be spread throughout the library.
